NET RESULTS

1. Name of First Insurance Company

2. Home Page URL

3. Name of Second Insurance Company

4. Home Page URL

CRITICAL THINKING QUESTIONS

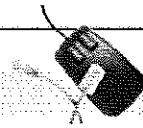

1. What is term life insurance, and what are its advantages and disadvantages?

2. What is permanent life insurance? What are its advantages and disadvantages?

3. Why might life insurance protection be more important to someone in his or her 40s than someone in his or her 70s?

EXTENSION EXERCISE

Life insurance calculators are available online to help figure out how much coverage a person needs. Find a calculator and play around with the numbers. How much life insurance would a single parent (of a 10-year-old) who makes \$45,000 a year need? How much would a married father (of 15-year-old twins) who makes \$100,000 a year need?
